## NEW CATHEDRAL AT CHARLESTON

Catholic Prelates to Gather for  
Consecration—Several Go  
from Richmond.

In response to invitations received, Mrs. H. C. Housar and Mrs. John Murphy left yesterday for Charleston, S. C., to attend the imposing ceremonies attendant upon the consecration there of the beautiful new Catholic cathedral on Sunday next, which will also be the silver jubilee of Bishop Harry Thineson Northrup, Bishop of the Diocese of Richmond. Bishop Van de Vyver of Richmond diocese, will also be present.

### BUSINESS MEN HERE ARE FULLY AROUSED

(Continued from First Page.)

magazine, and it would be a great advertising opportunity for Richmond. Mr. Wren stated that he had just been informed by a member of the Council committee, Mr. Hunsdon Cary, that the Richmond building at the Jamestown Exposition would be ready for occupancy by the first week in May.

He reminded the chamber that it was incumbent upon that organization to maintain the building as headquarters for the city and for the exploitation of its interests. The Chamber of Commerce would be given full charge, and it would be necessary to employ somebody to have control of the building and be host to the visitors there. He suggested that a lady should also be employed to look after the comfort of ladies visiting the building, and that a janitor would be desirable to get out some other printed matter, and asked that the committee be authorized to arrange for such advertising as it deemed desirable.

**Jamestown Building.**  
Mr. P. D. Williams elicited the information that it would cost at least a thousand dollars to publish the handbook, and that this sum was already available. He figured that the entire \$10,000 reported as subscribed over and above the sum necessary for maintenance of the chamber should be placed subject to the order of the advertising committee to provide for the magazine advertisement, the handbook and the maintenance of the Jamestown building.

Mr. Wood estimated that it would require about \$200 per month to maintain the Jamestown building along the lines indicated by him.

President Gordon suggested that inasmuch as the city had provided the building and the chamber had only to maintain and conduct it, it was imperative that provision therefore should be made before anything else.

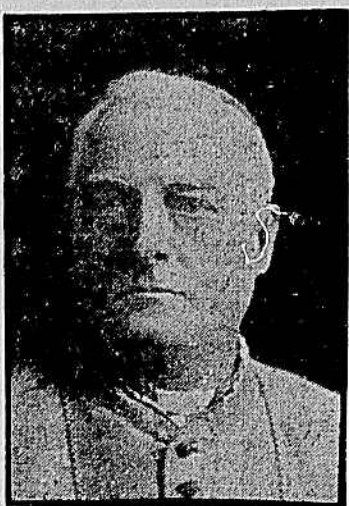

Mr. Williams moved that a sum not exceeding \$2,500 be allotted for the care and conduct of the Richmond building.

Mr. Coleman Wortham suggested that this was a matter to be considered by the board of directors.

Mr. A. Belne Blair made a vigorous speech in opposition to a parsimonious policy in the conduct of the Richmond building. He declared that a business man should be in charge and that visitors of distinction and especially Mayors of other cities should receive the hospitality to be expected of a city like Richmond.

He scouted the idea of a niggardly limit upon the amount provided for maintenance, and offered to contribute an additional sum to provide the money.

Mr. N. W. Bove offered a substitute limiting the amount available for the maintenance of the Jamestown building. He thought that \$2,500 was all the city could afford.

BISHOP NORTHROP.

show active interest in this work and make up for the lethargy heretofore shown.

Mr. R. S. Tuck made an impressive appeal for action in raising at least the sum asked. He predicted that the city would receive \$10 for every one expended thus, and commended this as a business proposition. On the contrary, failure to raise the money would result in an equally great loss, not alone to Richmond's prestige, but to its business. The small subscription reported he declared to be a disgrace to the city. He urged all present to bring some one else to the day's rally, and to endeavor personally to save the reputation of the city from a failure to subscribe the sum desired.

Mr. Williams moved the adoption of the report, and the motion prevailed.

A more formal discussion of the meeting adjourned.

### ATLANTIC FLEET SAILS.

**Battleship Division Starts for Trip to Hampton Roads.**  
WASHINGTON, April 11.—Having completed an elaborate program of exercises and target practice, the battleship division of the Atlantic fleet sailed from the naval station at Guantanamo, Cuba, yesterday, for Hampton Roads to participate in the ceremonies incident to the opening of the Jamestown Exposition. The division consists of fourteen modern battleships and will be joined by two others at Hampton Roads, as well as by a number of warships of other classes. When assembled in Hampton Roads there will be an aggregate of thirty-six warships of various types, constituting the most powerful fleet ever assembled in the waters of the United States.

Admiral Evans's division is due to reach Hampton Roads on the 16th instant.

### TAX OF THREE CENTS ON ANTHRACITE COAL

HARRISBURG, PA., April 11.—The House of Representatives today passed a bill taxing anthracite coal three cents a ton. A provision to tax bituminous coal was stricken out. The members from the hard coal regions made a hard fight against the measure, one member saying the tax will be used by the operators as a reason for reducing miners' wages, and that the mine-workers won't stand for any reduction.

### PAY NO ATTENTION TO THE HEARST RUMORS

SAN FRANCISCO, April 11.—The grand jury has decided to pay no attention to the unsupported statements alleged to have been made by "Eddie" Hearst, blacksmith and prize-fight referee, to the effect that money was improperly used by agents of William B. Hearst at the primary election in 1904.

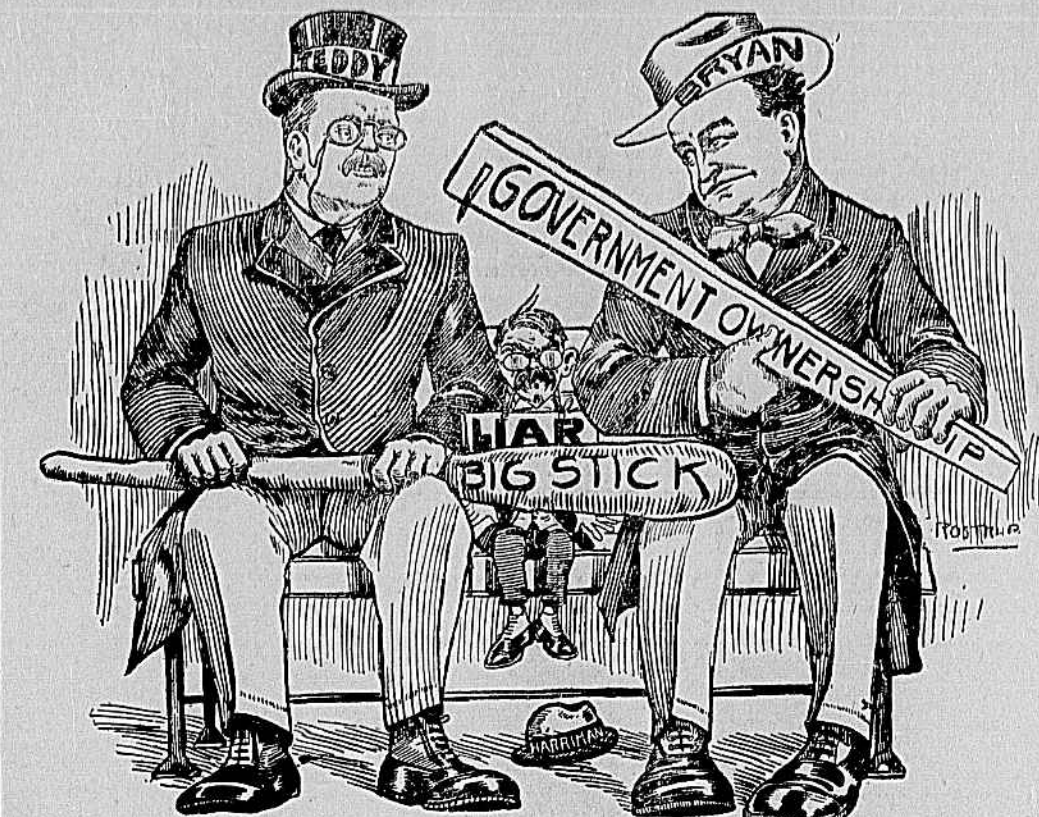

### NICARAGUA'S WAR NOT YET AT END

**President of Salvador Said to Have Sent Army of 20,000 Against Nicaragua.**

MOBILE, ALA., April 11.—According to a letter received by the Register to-night, via the steamer Hiram, from Puerto Cortez, the Nicaraguan-Honduran-Salvadoran War is not yet at an end. The correspondent at Puerto Cortez did not have full information when the Hiram left, April 7th, but he stated that the latest telegram from the President of Salvador was that he was sending 20,000 men against Nicaragua to renew the combat.

Up to the receipt of this telegram, it was believed by residents of Puerto Cortez that war was practically ended. The port with Estrada said that they had a message from Zelaya, dated April 6th, that they were attacking Amapala. President Bonilla is supposed to have been a refugee in Amapala.

The correspondent further advises that the cables were taken in charge by the commander of the United States gunboat Marietta, and that on Sunday all cablegrams had been refused. It was further stated that if there was any fighting now in progress it is between Salvador and Nicaragua.

IN A TIGHT PLACE.

### SEEK TO SECURE THE TRUE FIGURES

Catholic Archbishops to Co-operate With Census in Getting Accurate Enumeration.

### UNITY AMONG THE SCHOOLS

Efforts to Bring the Schools and Seminaries in Closer Touch With the University.

WASHINGTON, D. C., April 11.—A number of important matters of interest to the Catholic world were considered and disposed of at the concluding session to-night of the Catholic Hierarchy of America at the Catholic University of America in this city.

One of the most important matters considered was that looking to a more accurate enumeration by the United States Census Bureau of the Catholic population of the country. A committee, consisting of Archbishops Ireland, Keane, Messner and Glennon, was appointed, who will act in conjunction with the census office to secure a more accurate estimate of the number of Catholics.

A petition was received from representatives of the conferences of Catholic schools and seminaries, consisting of Messrs. Conway, Delany and Murphy, the last named provincial of the Holy Ghost Fathers, the object of which was to bring about a unification of college curriculums so as to bring in closer association parish and Catholic schools to the Catholic University.

A committee, consisting of Archbishops Farley, Messner and Blenk, was appointed to meet a similar committee from the various Catholic colleges and seminaries to discuss the question of bringing about a closer union between the religious and secular schools, and the committee having in charge this question reported that the ritual and so-called religious forms were only nominal, and did not create the members into a special religious cult. A donation was announced by Father A. H. Walburg, of Cincinnati, of \$12,000 towards the erection of a chair of Teutonic in the Catholic University, making the fund for that purpose, \$42,000.

### EXPECTED TO STAND FOR THE THIRD TERM

(Continued from First Page.)

is a mighty change in popular sentiment and belief. It is to be Roosevelt.

### Bryan to Be Named.

That it is to be Bryan, so far as Democrats are concerned, has been settled, apparently for months. It has come to be so that the nomination of Mr. Bryan is not regarded as more nearly certain than the nomination of Mr. Roosevelt to succeed himself. But those who are observing Mr. Bryan most closely think they see signs that he is not so ready to hearken to the party call as formerly. There are believed to be signs that he is reluctant to accept a third nomination. These signs were not apparent a few months back. The only explanation offered is that Mr. Bryan does not believe the party has a good chance to win next year.

### PRESIDENT IS MUM.

**Urged to Discuss Suggestion of Col. Graves, But Will Not.**

WASHINGTON, D. C., April 11.—President Roosevelt to-day declined to make any comment or to discuss for publication the declaration made by John Temple Graves, of Georgia, at the Bryan Anniversary Club banquet at Chatham Square last night, that Mr. Bryan should at the forthcoming Democratic National Convention nominate President Roosevelt for another term. The statement of Mr. Graves excited much interest in official circles, and there were many requests that the President say something in reply. Mr. Bryan declined them all.

### JOHNSON CITY WELCOMES BRYAN

BRISTOL, VA., April 11.—William Jennings Bryan arrived at Johnson City, in East Tennessee, this afternoon and at 4 o'clock was given a great ovation in the public square, where a

### STOP LIQUOR SALE OUT IN KANSAS

The Attorney-General Proceeds Against Breweries and Whiskey Jobbers.

### TOPEKA, KAN., April 11.—Applica-

tion was made to the Supreme Court here to-day by Attorney-General Jackson for writs of quo warranto and injunctions against eight brewery companies, mostly Missouri and Wisconsin concerns, and against a number of whiskey jobbers. It is sought to compel the defendants to cease doing business in Kansas through their agents and cold storage warehouses, and it is also the purpose to have receivers appointed for the properties located in this State.

The action of the Attorney-General in filing these suits is considered the most drastic ever taken to enforce the prohibition law in Kansas. The Supreme Court is asked to oust the companies because they are organized under the laws of other States and have not obtained licenses to do business in Kansas, and on the ground that they are engaged in business contrary to law.

The Supreme Court has held several times that a corporation has no rights under the laws of this State until it is authorized to do business in Kansas.

### SEEK TO PLACE HIM ON RECORD

Chicago Federation Asks if He is Correctly Quoted as to Moyer and Haywood.

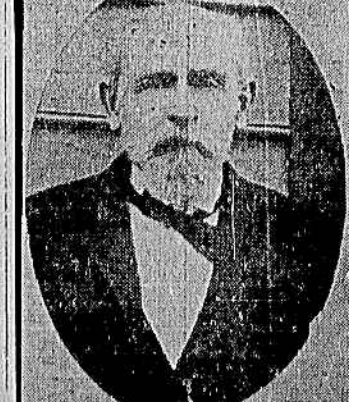

CHICAGO, ILL., April 11.—The Chicago Federation of Labor is endeavoring to place President Roosevelt on record regarding his reported opinions of Moyer and Haywood, officials of the Western Federation of Miners, charged with complicity in the assassination of former Governor Steiensen, of Idaho. E. D. Nogies, secretary of the local labor body, to-day sent the President the following telegram:

"The newspaper report you are making that Moyer and Haywood are undesirable citizens. In view of the fact that these men will soon be put on trial for their lives, we believe their chances for a 'square deal' will be lessened if the reported statement is true. We therefore ask you for correct information on this subject, believing a man is innocent until he is proved guilty."

### Federal Affairs.

(From Our Regular Correspondent.)  
WASHINGTON, D. C., April 11.—Postmasters appointed: Virginia—Albano, Orange county, George H. Racer, vice R. H. Batten, resigned; Gales, Botetourt county, John W. Peters, vice S. E. Fairman, resigned; Meadown Dale, Highland county, Howard H. Slaven, vice S. C. Staver, dead; Saxton, Sussex county, Adolphus R. Morris, vice E. W. Morris, resigned; Swamp, Fauquier county, Joseph H. Wilson, vice W. C. Lawler, resigned.

North Carolina—Cheah, Graham county, Milton L. Rice, vice P. L. Rice, resigned.

GENERAL LAWRENCE S. BAKER. Once gallant soldier of the Confederacy, who lost his arm in battle. His death at Suffolk Wednesday caused sorrow in the thinning gray ranks of his comrades.

### LORD CROMER HAS GIVEN UP POST

Resignation of Great Britain's Great Plenipotentiary on the Nile Causes Surprise.

### NO CHANGE IN POLICY

Sir Eldon Gorst, Who Enjoys Confidence of Lord Cromer, His Successor.

LONDON, April 11.—Foreign Secretary Grey made the most unexpected announcement in Parliament to-day that Lord Cromer, Great Britain's great plenipotentiary on the Nile, had resigned. It had been known for some time that the health of Lord Cromer, who has been British agent and consul-general in Egypt since 1885, was affected, but there was no idea that his retirement was imminent. Secretary Grey, on making the announcement, and ex-Premier Balfour, who followed him, spoke with deep emotion of Lord Cromer's unexampled services to the empire, and voiced the nation's regret at his leaving his post during such a difficult period. The Foreign Secretary declared that it was the greatest personal loss the public service of the empire could suffer.

The retirement of Lord Cromer will involve no change in British policy with regard to Egypt. This was explicitly stated by Secretary Grey. Sir Eldon Gorst was appointed to succeed to the post in Egypt on the advice of Lord Cromer, whose complete confidence he possessed. He takes up a difficult task, but will assume the work with the full approval of official circles, both in London and Cairo.

### BAKERS MAY STRIKE.

Two Thousand Bread-Makers Make Paris Lively During Day.

PARIS, April 11.—Detachments of cavalry to-day patrolled the Place de la Republique and the vicinity of the Labor Exchange, where two thousand bakers, including many men out of work, voted for an immediate strike. Red flags were displayed on the placards, and revolutionary songs were sung, and the leaders recapitulated the grievances of the bakers, which are principally connected with the new law of the day of rest law. The speakers deprecated violence, but called on their hearers to endeavor to induce others to strike.

Two battalions were arrested on the charge of intimidation, but no further incidents occurred.

The bakers held a second meeting in the Labor Exchange at 10 o'clock to-night, but there were fewer men present than at the morning meeting. This would seem to indicate a general surrender of the strike, which is confirmed by a statement issued from the prefecture of police that only six hundred bakers had been arrested in the district. This number is inconsiderable, as there are 2,500 bakeries in Paris alone.

The council of Toulon have voted to go on a general strike.

### GRAIN SCANDALS.

**Notorious Women Testify; Expected Sensational Developments.**

ST. PETERSBURG, April 11.—Senator Klime to-day took the testimony of several notorious women who were connected with the grain scandals, and it was established that the woman in charge of the actresses appearing at a well known concert hall, had acted as a go-between for M. Gurko, the assistant Minister of the Interior, and M. Lidval, Senatorial development, are expected at the session of the Senate of April 17th, when the case of Baron Fredericks, Governor of Novgorod, was to be heard.

### Practical Papa.

Perey Lavender—And—what did you say when you told him I spent two hours cutting a heart and your name in a tree?

Lucy Langish—He said if you wanted me to cut a heart and your name in a tree, I would be glad to do it. I'll cut it for you and spend two hours chopping wood for the fire.—Illustrated Bits.

### NEW BUSINESS MEN'S CLUB NOW SEEKING SECRETARY

Committee in Correspondence With Men in Various Sections of Country—Directors Meet and Discuss Plans for Future.

A meeting of the directors of the Business Men's Club was held yesterday afternoon, with President Braxton in the chair. Though no decisive action was taken, all the committee reported progress, and would continue with power to act.

Mr. Murray M. McGuire reported that he and President Braxton had almost completed their work on the charter and by-laws, and the committee was given the necessary authority to effect the incorporation of the club.

The committee on selecting a secretary reported that they had received correspondence with men in all parts of the country, but was not ready as yet to make a nomination.

It is proposed to select a competent, well-trained man, preferably a Virginian, who will collect the statistics of Richmond and by correspondence and otherwise attempt to interest manufacturers and others in the advantages of this city as a site, and as a meeting place for conventions.

The committee on club features reported that they had options on several locations, and would sign a lease shortly. The club will be centrally located, possibly taking a floor in one of the large Main Street buildings. A steward will be engaged and the cafe will be made one of the attractive features of the club. The club will also have a number of private dining-rooms, writing-rooms, a library and smoking-room. The membership is now quite near the 300 mark.

### FARCE AND OUTRAGE, MRS. VON CLAUSSEN SAYS

She So Characterizes Her Treatment at Hands of Roosevelt Administration.

WASHINGTON, D. C., April 11.—Mrs. Ida von Claussen, who has been here several days, endeavoring to see President Roosevelt regarding her controversy with the American mail company, Mrs. Graves and Mrs. Graves, growing out of Mr. Graves's refusal to present her to the royal court of Stockholm, left for New York City to-night. Before her departure she gave out a statement in which she said she had "no chance of redress at the hands of President Roosevelt or the State Department," and that she would prefer the issue to end. Her statement criticizes President Roosevelt for denying her an audience, asks if that was a "square deal," says she has been shamefully treated by the Roosevelt administration, and says that the "treasoning of the case" by the State Department, while a moral victory for her, "is intended to deceive me into non-action."

### FAVORT FREE.

Second Grand Jury Refused to Bring Indictment.

BATON ROUGE, LA., April 11.—Congressman George K. Favort was set free to-night, after having been in jail continuously for about five months, under arrest on a charge of murder, and awaiting action of a grand jury. To-day the second grand jury refused to indict the Congressman. Mr. Favort had been shot and killed Dr. R. H. Aldrich, of Baton Rouge. The Congressman declared that the physician had made disparaging remarks about Mrs. Favort. The shooting occurred immediately after an exciting election, and while Favort was still judge of the Baton Rouge Court, which to-day set him free. He resigned, and was indicted by a grand jury which had been selected under his jurisdiction. Because one of the jurors who indicted him was illiterate, the finding was quashed.

### MUST PAY EXCESS.

Commission Decides Against Road in Matter of Competition.

WASHINGTON, April 11.—In an opinion by the Interstate Commerce Commission to-day the principle was laid down that a railroad company cannot arbitrarily determine that a particular establishment shall be excluded from competition with other localities, and that other similar establishments on its lines shall not so compete, particularly where the discrimination is not justified by operating conditions.

The decision was applied to the case of the Texas Cement Plaster Company, which in St. Louis, Mo., has secured a franchise from the St. Louis, San Francisco and Texas Railway Company, involving a complaint of unlawful discrimination in rates on cement plaster in carload lots. The defendants were ordered to adjust their tariffs accordingly to pay the complainant rate, and to refund the amount of excess charges with interest.

### BUTCHER WORKMEN MAY MAKE NEW DEMANDS

CHICAGO, April 11.—Butcher workmen, who tied up the meat-packing industry throughout the country in 1904 and who finally suffered defeat in the struggle, are, it is said, about to present new demands to the packers.

According to the Chicago Tribune, the cutters and butcher workmen are to be held in New York April 22d for the purpose of fixing a date for presenting the case to the National Association of Butchers' organization, in Chicago, conferring with local officials of the union.

### Would Have Governors Meet.

MADISON, WIS., April 11.—Assemblyman Burke, introduced in the Legislature to-day a joint resolution calling the Governors of the various States to call a conference in Indianapolis, in November, 1907, to discuss and formulate plans for uniformity of legislation. The resolution declares that the rights of the States are endangered by the Federal Government, particularly as to legislation affecting transportation and communication.

### Constantine in Chicago.

CHICAGO, April 11.—Frank J. Constantine, the alleged murderer of Mrs. A. W. Gentry, arrived from New York to-day. He was smoking a cigar when he stepped from the Twentieth Century Limited, and appeared to be well and in a happy mood. Under guard of six detectives he was taken to a nearby police station.

### NAPIER MOTOR COMPANY IN RECEIVER'S HANDS

Bankruptcy Petition Also Filed. Liabilities of Concern \$140,000.

BOSTON, MASS., April 11.—On the petition of three Boston creditors, whose claims aggregate \$120,000, Judge Dodge, in the United States District Court, to-day appointed Arthur J. Farnsworth receiver of the Napier Motor Company, of America, manufacturers of automobiles. Mr. Farnsworth is vice-president of the concern.

The three creditors also filed a bankruptcy petition against the company. The directors admitted the inability of the company to continue its obligations, and expressed a willingness to have it adjudged bankrupt. The liabilities amounted to \$140,000. The assets have not been estimated. The factories at Jamaica Plain were closed last night, throwing out several hundred hands. The company has a capital stock of \$500,000, of which \$232,000 was paid in.

Mr. Farnsworth said that in all probability the corporation would be reorganized.

### FINGERS BLOWN AWAY WHILE STAMPING MAIL

ST. LOUIS, April 11.—A mail packer, employed while it was being stamped in the St. Louis post-office to-day, the explosion blew away a finger and thumb of John G. Bayer, the clerk, who was stamping the package. All trace of the contents and all the address, excepting the words "Independence, Mo.," were destroyed.
